Re: Freedom of Information Act Request EPA-R9-2014-002334

Dear Ms. Flores:

This is in response to your Freedom of Information Act request regarding any available records or files for the Navajo Generating Station, located at 6000 Highway 98 in Page, Arizona.

On January 10, 2014, Anita Lee, of my staff, contacted you to request clarification regarding your request. You referred Ms. Lee to Mr. Tariq Abdellatif, of Ninyo & Moore. Ms. Lee and Mr. Abdellatif discussed the information request, and by electronic mail dated January 10, confirmed that the Air Division has, and will provide, copies of construction and operating air permits issued to the Navajo Generating Station by the U.S. Environmental Protection Agency and the Navajo Nation Environmental Protection Agency. Mr. Abdellatif also requested a list of all environmental permits issued to the Navajo Generating Station. In a telephone conversation with you on January 15, 2014, Ms. Lee informed you that EPA does not possess a list of all environmental permits issued to the Navajo Generating Station. Therefore, EPA is not providing a list as requested by Mr. Abdellatif.

An index of the six documents responsive to your request is enclosed. The six documents will be sent to you via electronic mail under separate cover.

If you have any questions, please contact Anita Lee at (415) 972-3958.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew Lakin", is positioned above the printed name.

Matthew Lakin
Manager, Air Planning Office

Enclosure: Index of Six Documents Provided

Enclosure 1 to FOIA Response for EPA-R9-2014-002334

List of Responsive Documents
Air Division
